

НАУЧНИ И ТЕХНОЛОГИЧНИ ОБЛАСТИ И ПОДОБЛАСТИ¹

Natural Sciences	Agricultural sciences
Mathematics	Agriculture, Forestry, and Fisheries
Computer and Information Sciences	Animal and dairy science
Physical Sciences	Veterinary science
Chemical sciences	Agricultural biotechnology
Earth and related Environmental sciences	Other agricultural sciences
Biological sciences	
Engineering and technology	Social Sciences
Civil engineering	Psychology
Electrical engineering, electronic engineering, Information engineering	Economics and business
Mechanical engineering	Educational sciences
Chemical engineering	Sociology
Materials engineering	Law
Medical engineering	Political Science
Environmental engineering	Social and economic geography
Environmental biotechnology	Media and communications
Industrial biotechnology	Other social sciences
Nano-technology	
Other engineering and technologies	
Medical and Health Sciences	Humanities
Basic medicine	History and Archaeology
Clinical medicine	Languages and literature
Health Sciences	Philosophy, Ethics and Religion
Medical biotechnology	Arts (arts, history of arts, performing arts, music)
Other medical sciences	Other humanities
